

Privacy Notice on the Use of Cookies

Below, we provide information on the operation and functions of cookies on the **enitlab.hu** website.

What are cookies?

Cookies are small files stored by your web browser that retain information based on the websites you visit (e.g., language preferences, browser type, operating system, visit times, viewed content, displayed ads, etc.).

Why are cookies useful?

They help tailor websites to visitors' needs. The use of cookies allows for more personalized content to be displayed. Additionally, cookies enable users to avoid entering their passwords every time they visit a site, and they help website owners gather insights about their visitors (e.g., how many people visited the site and when).

What types of cookies operate on this website?

- **Essential Cookies**
These cookies ensure the proper functioning of the website, such as detecting errors. They do not collect data for marketing purposes.
- **Functional Cookies**
These cookies remember appearance-related settings to provide a customized look for the website. They do not collect data for marketing purposes.
- **Third-Party Cookies**
These cookies, typically provided by social media platforms and global service providers, allow content to be shared or liked within the site and measure website traffic.
 - Our site uses the following third-party cookies:
 - **Google Analytics** – website visit statistics
More information and Google's privacy policy are available at:
<https://policies.google.com/privacy?hl=en>

How can I disable cookies?

Cookies are not required for the website to function, but they significantly enhance the user experience. You can delete or disable cookies at your discretion, but in this case, some website elements may not function correctly. You may need to manually configure certain settings each time you visit, and some services or features may not be available.

You can manually adjust your browser settings to enable or disable specific types of cookies. Additionally, you can reject or delete cookies entirely. The method for disabling cookies depends on your browser. For more details, please refer to your browser's documentation or visit www.aboutcookies.org.

Your data is safe. We take all necessary measures to ensure that cookies operate in compliance with all relevant data management and security requirements.
